- Receipt is acknowledged of the prior art information disclosure statement Art Unit: 1651 filed May 06, 2002 and the prior art information disclosure statement filed July 24, 2002.
 - Claims 1-51 are present in this instant application. 2.
 - Restriction to one of the following inventions is required under 35 U.S.C. 3. 121:
 - Claims 1-19, drawn to a process for producing ethanol, classified in class ١. 435, subclass 161.
 - Claims 20-48, drawn to a process for producing methane, classified in 11. class 435, subclass 167
 - Claims 49-51, drawn to a process for producing a useful product, classified in class 435, numerous subclasses depending upon the useful 111.

Essentially, Claim 49 may be considered to lack a suitable specific utility under 35 USC 101. Claims to useful product may be considered to not searchable and commensurate in scope with the specification. Applicant has an opportunity to elect any of the above Groups for examination.

The inventions are distinct, each from the other because each of the above these inventions is drawn to separate and patentably distinct methods. inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, have acquired a separate status in the art Application/Control Number: 09/983,012

invention is not required for the other invention, thusly the restriction for examination

purposes as indicated is proper.

4. The lengthy specification has not been checked to the extent necessary to

determine the presence of all possible minor errors. Applicant's cooperation is

requested in correcting any errors of which applicant may become aware in the

specification.
